

Summer is coming!

 LaGrange Day Camp

**CAMP IS ON
PAUSE...**

**READ
ANNOUNCEMENT
LETTER BELOW!**

We can't wait!

Dear LaGrange Day Camp Families,

The Dutchess County Department of Behavioral & Community Health and the Dutchess County Executive have announced that they are not currently issuing permits for day camps. They will not be issuing permits for a number of weeks (if at all) as we wait to see how the Coronavirus (COVID-19) develops. The Town Supervisor and I have decided that we will wait until the end of April and will reevaluate the situation at that time before we make any decision to cancel LaGrange Day Camp for the summer.

Please understand that we are well aware that we may ultimately have to cancel our summer camp season. We feel that we still have some time to play with and can afford to wait it out a little longer. Rest assured, we are working on some other creative ideas if traditional day camp does not happen. But, for now, we are in a holding pattern. We will wait to see when this virus peaks and what the impact is here in Dutchess County.

The most important thing at this time is your health and welfare. Please practice all precautions and stay home as much as you possibly can. Thank you for your patience. This continues to be a difficult situation for everyone. Please stay tuned to our facebook page, as well as the town website for updates relating to day camp and summer program registration.

Best regards,

Sandy Washburn
Director of Parks & Recreation
Town of LaGrange
