RE: Water & Sewer 2026 User Rates

As per the Town Board approved 2026 budget, the following user rates will apply by Special District:

WATER

| | |
|---|-----------------------|
| Grandview Water District | \$15.15/1,000 gallons |
| Town Center Water Improvement Area 2 | \$7.27/1,000 gallons |
| Manchester Water District | \$6.53/1,000 gallons |
| <i>Includes: Deerfield, Noxon Knolls, Southwest, Titusville Manchester, and Mapleview</i> | |

SEWER

| | |
|--|-----------------------|
| <u>Noxon Knolls Sewer District</u> | \$17.11/1,000 gallons |
| <u>Titusville Sewer District:</u> | |
| - With Town Water | \$13.41/1,000 gallons |
| - Without Town Water Per Quarter | \$204 / Benefit Unit |
| - Commercial Per Quarter | \$800 / Benefit Unit |
| <u>Sunset Ridge Sewer District Per Quarter</u> | 141.27 / Quarter |

Thank you.

On October 15, 2025, the Town Board voted to upgrade our Water and Sewer software system. The upgrade is expected to be completed by the spring of 2026. This new system will provide you with enhanced features that will allow easier access to your account and more convenient payment options. For example, you will be able to:

- View your entire bill online, including due dates and water usage
- Set up automatic bill pay with alerts if a bill exceeds an amount you choose
- Select how you would like to receive your quarterly bill (paper bill mailed through the U.S. Postal Service or sent via email)

To meet the requirements of the new system, it was necessary to calculate all water and sewer bills based on actual water usage. **Effective January 2026, all quarterly water and sewer billing will be based solely on your water usage, no more flat rate.**

To receive more information about this important upgrade, please register your email address with the Public Works Department and the Tax Collection Office by completing the **"Stay Informed"** section on the Town's website at www.lagrangeny.gov.
